Turret Milling Machine. Model: LT-M3

DESCRIPTION	UNIT	VALUE
Table Dimension (Length×Width)	mm	1270×254
Max. travel from left to right of workbench	mm	760
Max. travel of workbench back and forth	mm	400
The maximum distance of the spindle to the base	mm	400
Number and width of T-groove	mm	3×16
Space between T-grooves	mm	63
Range of spindle rotation speed	rpm	80-5440
Up and down travel of spindle	mm	120
Spindle Taper		R8 a6o NT30
Distance between spindle end and table	mm	45-440
Rotation angle of spindle milling head	°	±90° from left to right ±45° back and forth

Max. travel of ram	mm	380
Rotation angle of ram	°	360
Power of main motor	kW	2,2
Max. load of machine tool	kg	200
Shape of guideway (X.Y.Z)		Swallowtail
Overall dimension(Length×Width×Height)	mm	1750×1500×2100
Net weight	kg	1200
